DISCLAIMER

GENERAL RISK WARNING: **TRADING CRYPTOCURRENCY**

Forex / CFD and binary options entail substantial risk which may probably result in the loss of all of your trading or investment. However, this may not be suitable for all traders. Past performance absolutely does not make up a dependable indicator of future outcomes. Future forecasts will not likely constitute an efficient indicator of future performance. Before choosing to invest, you ought to take into consideration your investment goals, the degree of experience and risk tolerance. Under no circumstances should we have any accountability to any individual or person for (a) any damage or loss in entire or part due to, causing from, or in relation to any trading associated with binary options or (b) any direct, indirect, special, consequential or unintentional damages in any way.

REGULATORY **DISCLOSURE**

Under limited circumstances, The Future Trade may perhaps disclose your personal data and information to third parties as approved by, or to adhere to, applicable laws and regulations. For instance, we may share information that is personal to cooperate with law enforcement agencies and regulatory authorities to adhere to subpoenas or other official needs, and as essential to guard our property or rights. Except as mentioned on this particular policy, we will not use your own private information for any other reason, except if we explain how such information will be used during the time you share it to us or we gain your approval.
